

Addition Strategies

Name: _____

Use addition strategies with place value to solve.

Ex) $728 + 124 = \underline{852}$

$8 + 4 = 12$

$20 + 20 = 40$

$700 + 100 = 800$

852

1) $527 + 302 = \underline{\hspace{2cm}}$

Answers

Ex. $\underline{852}$

2) $0 + 481 = \underline{\hspace{2cm}}$

3) $937 - 496 = \underline{\hspace{2cm}}$

4) $431 + 271 = \underline{\hspace{2cm}}$

5) $454 + 125 = \underline{\hspace{2cm}}$

6) $60 + 888 = \underline{\hspace{2cm}}$

7) $196 + 553 = \underline{\hspace{2cm}}$

8) $287 + 619 = \underline{\hspace{2cm}}$

9) $349 + 227 = \underline{\hspace{2cm}}$

10) $993 - 557 = \underline{\hspace{2cm}}$

11) $618 + 268 = \underline{\hspace{2cm}}$

1. _____

2. _____

3. _____

4. _____

5. _____

6. _____

7. _____

8. _____

9. _____

10. _____

11. _____

Addition Strategies

Name: **Answer Key**

Use addition strategies with place value to solve.

Ex) $728 + 124 = \underline{852}$
 $8 + 4 = 12$
 $20 + 20 = 40$
 $700 + 100 = \underline{800}$
 $\quad\quad\quad 852$

1) $527 + 302 = \underline{829}$
 $7 + 2 = 9$
 $20 + 0 = 20$
 $500 + 300 = \underline{800}$
 $\quad\quad\quad 829$

2) $0 + 481 = \underline{481}$
 $0 + 1 = 1$
 $0 + 80 = 80$
 $0 + 400 = \underline{400}$
 $\quad\quad\quad 481$

3) $937 - 496 = \underline{441}$
 $7 - 6 = 1$
 $30 - 90 = -60$
 $900 - 400 = \underline{500}$
 $\quad\quad\quad 441$

4) $431 + 271 = \underline{702}$
 $1 + 1 = 2$
 $30 + 70 = 100$
 $400 + 200 = \underline{600}$
 $\quad\quad\quad 702$

5) $454 + 125 = \underline{579}$
 $4 + 5 = 9$
 $50 + 20 = 70$
 $400 + 100 = \underline{500}$
 $\quad\quad\quad 579$

6) $60 + 888 = \underline{948}$
 $0 + 8 = 8$
 $60 + 80 = 140$
 $0 + 800 = \underline{800}$
 $\quad\quad\quad 948$

7) $196 + 553 = \underline{749}$
 $6 + 3 = 9$
 $90 + 50 = 140$
 $100 + 500 = \underline{600}$
 $\quad\quad\quad 749$

8) $287 + 619 = \underline{906}$
 $7 + 9 = 16$
 $80 + 10 = 90$
 $200 + 600 = \underline{800}$
 $\quad\quad\quad 906$

9) $349 + 227 = \underline{576}$
 $9 + 7 = 16$
 $40 + 20 = 60$
 $300 + 200 = \underline{500}$
 $\quad\quad\quad 576$

10) $993 - 557 = \underline{436}$
 $3 - 7 = -4$
 $90 - 50 = 40$
 $900 - 500 = \underline{400}$
 $\quad\quad\quad 436$

11) $618 + 268 = \underline{886}$
 $8 + 8 = 16$
 $10 + 60 = 70$
 $600 + 200 = \underline{800}$
 $\quad\quad\quad 886$

AnswersEx. **852**1. **829**2. **481**3. **441**4. **702**5. **579**6. **948**7. **749**8. **906**9. **576**10. **436**11. **886**
