

**Represent each equation with numbers and symbols.****Answers**

- 1) twelve plus three equals fifteen
- 2) twenty plus zero equals twenty
- 3) fourteen plus two equals sixteen
- 4) twenty minus fifteen equals five
- 5) nineteen minus twelve equals seven
- 6) fourteen minus fourteen equals zero
- 7) nineteen minus fourteen equals five
- 8) fourteen minus twelve equals two
- 9) fourteen plus three equals seventeen
- 10) fourteen minus nine equals five
- 11) fourteen plus six equals twenty
- 12) twenty minus seventeen equals three
- 13) eight minus six equals two
- 14) nineteen minus nineteen equals zero
- 15) eighteen minus sixteen equals two
- 16) eight plus five equals thirteen
- 17) thirteen minus nine equals four
- 18) eighteen minus eighteen equals zero
- 19) seventeen minus seventeen equals zero
- 20) ten minus ten equals zero

1. _____
2. _____
3. _____
4. _____
5. _____
6. _____
7. _____
8. _____
9. _____
10. _____
11. _____
12. _____
13. _____
14. _____
15. _____
16. _____
17. _____
18. _____
19. _____
20. _____

Represent each equation with numbers and symbols.

Answers

- 1) twelve plus three equals fifteen
1. $12 + 3 = 15$
- 2) twenty plus zero equals twenty
2. $20 + 0 = 20$
- 3) fourteen plus two equals sixteen
3. $14 + 2 = 16$
- 4) twenty minus fifteen equals five
4. $20 - 15 = 5$
- 5) nineteen minus twelve equals seven
5. $19 - 12 = 7$
- 6) fourteen minus fourteen equals zero
6. $14 - 14 = 0$
- 7) nineteen minus fourteen equals five
7. $19 - 14 = 5$
- 8) fourteen minus twelve equals two
8. $14 - 12 = 2$
- 9) fourteen plus three equals seventeen
9. $14 + 3 = 17$
- 10) fourteen minus nine equals five
10. $14 - 9 = 5$
- 11) fourteen plus six equals twenty
11. $14 + 6 = 20$
- 12) twenty minus seventeen equals three
12. $20 - 17 = 3$
- 13) eight minus six equals two
13. $8 - 6 = 2$
- 14) nineteen minus nineteen equals zero
14. $19 - 19 = 0$
- 15) eighteen minus sixteen equals two
15. $18 - 16 = 2$
- 16) eight plus five equals thirteen
16. $8 + 5 = 13$
- 17) thirteen minus nine equals four
17. $13 - 9 = 4$
- 18) eighteen minus eighteen equals zero
18. $18 - 18 = 0$
- 19) seventeen minus seventeen equals zero
19. $17 - 17 = 0$
- 20) ten minus ten equals zero
20. $10 - 10 = 0$
