

**Solve each problem.****Answers**

- 1) Katie was planting vegetables in her garden. She started with fifty seeds and planted thirty-five of them in the big garden and in each of her small gardens put three seeds each. How many small gardens did Katie have?
- 2) Olivia had seventy files on her computer. She deleted twenty-two of them and put the rest into folders with six files in each one. How many folders did Olivia end up with?
- 3) Tom had ninety-three pieces of clothing to wash. He put thirty-seven of them in one load, but decided to split the rest into eight equal loads. How many pieces of clothing could go in each of the small loads?
- 4) The cafeteria had fifty-eight apples. For lunch they handed out thirty-four to students and decided to use the rest to make pies. If each pie takes eight apples, how many pies could they make?
- 5) A store had twenty-three coloring books in stock. They ended up putting them on sale and getting rid of seven of them. They put the ones they still had onto shelves with two on each shelf. How many shelves did they use?
- 6) Jerry is at the library helping put away books. There are ninety-two books to put away total but a librarian takes twenty-nine of them and leaves Jerry with the rest. If he can fit nine books on a shelf, how many shelves will he need?
- 7) Faye's team won their baseball game and scored thirty-four points total. If Faye scored thirteen of the points and everyone else scored three points each, how many players were on her team?
- 8) Rachel uploaded fifty-seven pictures to Facebook. She put forty-one pics into one album and put the rest into eight different albums. How many pictures were in each of the eight albums?
- 9) Will had fifty-seven dollars. If he spent twelve bucks on a new game, how many nine dollar toys could he buy with the money he had left?
- 10) Sam bought eighty-one tickets at the state fair. He spent twenty-seven tickets at the 'dunk a clown' booth and decided to use the rest on rides. If each ride cost nine tickets, how many rides could he go on?
